**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose, several years ago, to go with a small, local company for my internet service. Under the current regime, this option is being chipped away and threatens to no longer be a choice.

Are you really going to bend to pressure from ATT and eliminate their competition, small-time as it is?

Internet services are basically a monopoly already and this would definitely put another nail in that coffin.

Please keep the internet accessible to all..

Thanks
